Hotel During Her Promenade. The proverbial bull in the china shop was literally outclassed last Knight, of 33 night by a rebellious cow that broke away from its herd and raided two stores and a hotel near Sixteenth and Market streets.

The cow belonged to a herd which was being driven east on Market street. When the animal reached Seventeenth and Market streets, the cow became stubborn and refused to follow its companions. A Wise Spender.

William Gordon of New Orleans, who is spending the summer in New York, has added a new phrase to the lexicon of slang, and a fellow townsman supplied it.

JUST ONE DAY

Free From the Slugger Brought Out a Fact.

"During the time I was a coffee drinker," says an Iowa woman, "I was nervous, had spells with my heart, smothering spells, headache, stomach trouble, liver and kidney trouble. I did not know for years what made me have those spells. I would frequently sink away as though my last hour had come.

"For 27 years I suffered thus and used bottles of medicine enough to set up a drug store-capsules and pills and everything I heard of. Spent lots of money but I was sick nearly all the time. Sometimes I was so nervous I could not hold a plate in my hands! and other times I thought I would surely die sitting at the table.

"This went on until about two years ago when one day I did not use any coffee and I noticed I was not so nervous and told my husband about it. He had been telling me that it might be the coffee but I said 'No, I have been drinking coffee all my life and it cannot be.' But after this I thought I would try and do without and drink hot water. I did this for several days, hut got tired of the hot water and went to drinking coffee and as soon as I began coffee again I was nervous again. This proved that it was the coffee that caused my troubles.

"We had tried Postum but had not made it right and did not like it, but now I decided to give it another trial so I read the directions on the package carefully and made it after these directions and it was simply delicious, so we quit coffee for good and the results are wonderful. Before, I could not sleep but now I go to bed and sleep sound, am not a bit nervous now, but work hard and can walk miles. Nervous headaches are gone, my heart does not bother me any more like it did and I don't have any of the smothering spells and would you believe it? I am getting fat. We drink Postum now and nothing else and even my husband's headaches have disappeared; we both sleep sound and healthy now and that's a blessing." Name given by Postum

The Cause of Sleep.

The man who is kept awake by pain, or who suffers in any other way from lack of sleep, can usually obtain it by the use of a drug. Such sleep, however, is generally regarded as unnatural, and hypnotic drugs are avoided when possible. But now comes Mr. Raphael Dubois, a French physiologist, who tells us that all sleep is the result of drugging, the sleep-producer being carbonic-acid formed within the system.
